

RACING AT THE WORLD CYCLING REVIVAL FESTIVAL

JAPANESE KEIRIN

Japanese Keirin was invented in 1948 and is now the second largest betting sport in Japan. A Japanese Keirin style trophy will be featured every day of the festival, supported by Condor who have produced a full set of 1950s style steel bikes with Japanese parts. The field of riders is one of the strongest groups of Keirin riders ever to be assembled in the UK.
