

5 Peaks Ride Restrictions

Munich Looping

Height Restriction: You must be at least 1.25m tall to ride. Children under 1.4m tall must be accompanied by an adult. Maximum height is 1.95m.

Age Restriction: You must be at least 8 years old to ride.

Ride Information: A tall, high G-force ride, with intense changes of direction, loops and dips. This coaster has five loops that will send the user upside down for brief periods. This ride may contain flashing lights and strobe effects.

The Hangover

Height Restriction: 1.4m

Ride Information: A vertical tower ride that takes users to the top of a large pillar. Riders are strapped in with legs hanging. The ride drops once from half height and then from full. After an undetermined pause at the top of the ride, the rider will feel the sensation of falling from a height before the ride slows to a stop. The rider will feel exposed to the elements when at full height.

You will be required to do a seat test before you ride.

Aeronaut Starflyer

Height Restriction: 1.3m to ride alone, 1.2m to ride with a responsible adult.

Ride Information: Riders sit in double seats suspended in the air as the ride spins them gently round at a considerable height. This ride may contain flashing lights and strobe effects.

Airborne

Height Restriction: 1.4m

Ride Information: Riders are strapped in to a pendulum that will be sent upside down numerous times from a considerable height at speed. This ride may contain flashing lights and strobe effects.

Blizzard

Height Restriction: 1.4m

Ride Information: Riders are strapped into a pendulum that rotates 360 and will be sent upside down numerous times from a considerable height at speed. This ride may contain flashing lights and strobe effects.

Please note that all access to all rides is at the discretion of the ride operator and they reserve the right to refuse access at any time.

All of the rides above are not suitable for the following people and those with the following conditions:

- Heart, back, neck or similar physical conditions
- High blood pressure
- Expectant mothers
- Motion sickness or dizziness
- Wearing a medical cast
- Under the influence of alcohol and/or drugs
- Have a pacemaker fitted

Ride Restrictions

- You must keep your head against the headrest, and arms and legs must remain in the carriage throughout the ride
- You must brace yourself against the ride forces at all times
- No eating, drinking, or smoking whilst riding
- The ride vehicle or restraints may not accommodate visitors with certain body dimensions. Please speak to the ride operator if you have concerns regarding your access to these rides
- All loose items must be removed/secured prior to riding
- Mobile phones and cameras are not permitted to be in use on any of these rides
- All belongings left by the ride are done so at the owner's risk

Accessibility

- Riders must have a minimum of 3 full limbs. Arm or leg amputations must be below the elbow or the knee
- Prosthetic limbs must be secured or removed before boarding
- You must have full upper body strength including head and neck control and be able to brace against the ride forces
