HOW YOUR SUPPORT HELPS CHILDREN AROUND THE WORLD

Childhood should be one endless playtime.

We want every child to be in school, learning and playing with their friends. We want every child to have access to safe, clean, water. We want every child to have the health care and nutrition they need to grow up happy, healthy, and able to play.

But there has never been a more challenging time for children. Right now, they are facing conflict, disasters, and other crises in countries around the world. And it is children that are often hardest hit. The money raised from this year's game could help UNICEF provide vaccines, fight malnutrition, and provide safe spaces to protect children in times of crisis, helping kids get back to the childhoods they are entitled to.

And it could do so much more to allow kids to simply be kids.

So if you believe in play-filled childhoods, join Soccer Aid for UNICEF. Nothing beats watching the big game live so buy your tickets now and get up close to the action!
