On completion of this application you will be required to present photographic ID alongside one of the following:

- Letter from consultant/doctor detailing the name of the person, the condition and why they are eligible and in need of a carer.
- Letter/notice of entitlement for Personal Independent Payment (PIP)
- Copy/proof of DLA entitlement
- Letter/proof of Dept of Working Pension (DWP)

Any of these proofs of entitlement will need to be supported by photographic ID in order to obtain your carer a free or discounted ticket to the event.

The use of the carer's ticket does not guarantee zero waiting time, especially at peak times. However, we do provide a limited amount of seats for registered disabled visitors to rest if needed when queuing.

Visitors with a photo ID Blue Badge will be welcome to use our designated disabled parking, as long as the badge holder is present in the car. These spaces are limited and come on a first come, first served basis.

Guests found to be misusing our disabled policy in any way or attempting to contradict any of the above terms and conditions will have their ticket revoked and may result in show access being denied for themselves and the rest of their party.
